Technical Information

Production Capacity	28 liters / 24hrs
Power Supply	115/225V, 50/60Hz, 1Phase
Input Power	500W
Total Power Consumption	-
Refrigerant	r134a(make)
Amount of Air Flow	-
Ideal Working Conditions	10°C - 38°C
Filtration Pump	-W
UV	11W
Electric Control PLC	-
Internal Water Tank	26 liters
Weight	43.5 kg
Height	108 cm
Width	36 cm
Depth	40 cm
Machine Noise Level	45 dB
